

# CEMUS

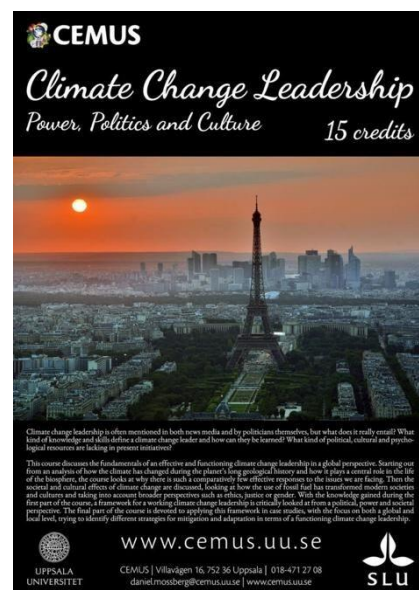

Welcome to Climate Change Leadership 2020 (Course code: 1MV077)! We are very excited to have you with us. Below is some important information about the course. Please read through and contact us if you have any questions. See you on the 20<sup>th</sup> of January!

Ash and André, Course Coordinators.

## Registration Information:

*To admitted students:*

If you want to take the course register at [www.studentportalen.uu.se](http://www.studentportalen.uu.se), which you can do from 30/12/2019 to 12/01/2020. The registration is the only action needed (the course does not have a roll-call).

If you are an exchange student, you will be registered on the CEMUS courses you have selected for January 2020. If you have changed your mind and want to select different courses, please email [erik.rosenberg@geo.uu.se](mailto:erik.rosenberg@geo.uu.se) and [jenny.thor@geo.uu.se](mailto:jenny.thor@geo.uu.se), with copy to the course coordinators at CEMUS as soon as possible.

*Students admitted with conditions:*

Bring documents that confirm that you have fulfilled the requirements at the start of the course. If you do not fulfill requirements at the start of the course and want to discuss this, contact the Director of Studies of CEMUS, Alexis Engström ([alexis.engstrom@cemus.uu.se](mailto:alexis.engstrom@cemus.uu.se)).

## Course start date and introduction

The introduction for the course is on **Monday the 20<sup>th</sup> of January at 13.15 in Norrland 2, Geocentrum, Villavägen 16**. Here, we will be presenting the course overview, literature and responding to any questions you may have while getting to know each other.

CEMUS has a welcome opening lecture that will happen on January 20<sup>th</sup>, 18:15 at Sal X, in the Main University building

This year our lecturer is Timothee Parrique, with the subject “Of textbooks and barricades”: As we earn our degrees in the comfort of universities, the climate earns degrees too. Realising this, more and more students are deserting classrooms to take the streets in the name of social-ecological justice. This leaves us with a choice: Should we sit and listen or should we walk out and shout? This

SLU

might be the most important choice we ever make, but these are not the only two options. The story I will tell is one of sitting and shouting. This is a story of revolution where one throws arguments rather than cobblestones. And this is a story that involves all of you.

## Course overview and learning outcomes

For the course goals and full syllabus, please access the following link:  
<https://uu.se/en/admissions/freestanding-courses/course-syllabus/?kpid=38853&lasar=19%2F20&typ=1>

## Examination and literature overview

*The student is examined through **written preparation for (4 credits) and active participation in seminars and workshops (3 credits)**, and through **written documentation (7 credits) and oral presentation (1 credit) of a project**.*

Climate Change Leadership 2020 uses **mandatory course books** and provides an **online compendium with 3-4 texts**, videos, audio files and/or other learning material, per week. A detailed list can be found in a separate document.

## Practical information

All information about the course will be available on Studentportalen. The course coordinators offices can be found along the CEMUS corridor in Geocentrum, Villavägen 16, Uppsala. Most lectures and seminars will take place in Geocentrum, but note the schedule with the specific rooms and *campi* for your classes.
