

## Global Challenges and Sustainable Futures

Fall 2021

### Examination Structure

The examination of the course is broken down into several components, including written tasks, oral presentation and active participation in seminars. All requirements must be completed in order to pass the course. Further instructions on examination components will be distributed during the course.

The final grade for the course is categorized as “Fail, 3, 4, 5”. While all examination components must be completed, the final course grade will be determined by the grade of the Individual Assignment.

*The student is examined through written preparation for (2 credits) and active participation in seminars and workshops (1.5 credits), and through written documentation (3.5 credits) and oral presentation (0.5 credit) of a project.*

### Examination Schedule

Every session that is part of the examination structure is mandatory to attend for the full 3 hours of the session. If you miss a mandatory session, you can fulfill this examination by attending the “ReSeminar” on the 11th of January.
