

CEMUS

Examination Schedule for Sustainable Economic Futures 2022

Assessment requirements for Sustainable Economic Futures according to [the course syllabus](#) are as follows:

The student is examined through written preparation for (4 credits) and active participation in seminars and workshops (3 credits), and through written documentation (7 credits) and oral presentation (1 credit) of a project. Sustainable Economic Futures is a graded course. While not all elements of the examination are graded, all requirements must be met in order to pass the course. The graded component of the course is determined by the final individual written assignment as marked below. You can find the grading criteria on the course webpage. In order to pass the course, the following criteria will have to be met:

Written submission for (4 credits) and active participation in seminars and workshops (3 credits)
